

K-LOVE radio provides a family-freindly source of uplifting music for me, my friends, and my family here in Salinas, California. Without the music broadcast by K-Love, we would need to find an alternate source of family-freindly music, with lyrics lacking offensive language and reference, which is becoming more and more difficult. I believe that K-Love's broadcast offers an invaluable source of hope in these diffcult times, which would be truly missed.
